“ *Dear Hupp family,*

We just found out that you lost Steve in 2020. We go way back to first grade in New Concord. Our families were all friends and what a rich heritage we had. Small town connections but much influence from the college. We remember the couple reunions that he attended and what fun remembering our childhoods.

Know you are in our prayers and what a great person Steve was to all of us.

Bllessings and prayers, Martha Ludlow Meadows and Dan Meadows

“ Dad

Well dad, I wasn't ready for this yet. I was hoping for at least 20 more years, so that when I retired we could sit on the deck, and tell all we have witnessed in our life. It was just to soon.

I will never forget, everything you taught me. Being patient, and sincere, thinking outside the box to get things accomplished. The wisdom that you bestowed on me, for adulthood, and raising my girls. To be adventurous.

Remember the fishing trip to Canada, the father and son one, with our friends. You teaching me how to fish and how to prepare them in some great beer batter with enough cayenne pepper , to make you chuckle when my face turned red.

Fathers day at the condo, with you and Linda, and her parents. Linda's dad having some Tom Collins, and us sipping a litte whiskey, and a beer. Those black and blue burgers, Linda made that day were so delicious. To this day, is by far my favorite burgers ever.

Im gonna miss the breakfasts at Hellas, or Jimmy Vs, while we chatted about what we were doing in our lives. Me talking about some struggles, and you always giving me the correct advice, on how to handle those situations. You were the smartest man I have ever met, and I'm so proud to be your son.

Halloween, when the girls were little, you had us over, so you could take them out. Linda did there makeup, and poor cori, was so protective, grunting and growling.

I hope that im just a ¼, of the man, father, husband that you were. People loved being around you. So calm and collective, and full of so much knowledge, that you wanted to share. You taught me about music. Early Saturday mornings, in your boxers, just blaring the

stereo, with some beethoven the 5th.

You are so important to me in life, and after I put you to rest. I set a standard for myself, to always be honest, helpful, intelligent, patient, passionate, and loving and caring person, because that is all you wanted from me. I will continue to follow your wisdom always.

I will never forget, the family bond that you taught us! Going to see uncle George and Eileen, and Scott, Greg, and Becca, so many good holidays, all together. It was so important to you to be family., The reunions, with all the hupps, such great and wonderful times

And last but not least dad, you used to tell me, PEOPLE WHO KNOW IT ALL ARE ANNOYING TO THOSE OF US WHO DO. Well guess what, they really are!!!!

I love you and miss you dad, and DAMN YOU WERE GREAT.

LOVE STEPHEN S HUPP II , YOUR SON, AND WILL CARRY THE HUPP NAME PROUDLY, JUST AS YOU DID.

I LOVE YOU DAD FOREVER.

“ Steve, You were a great Stepfather and I was very lucky to have you in my life!! You were the perfect companion for my Mom. You always looked out for her and I can't tell you how much that means to me. You two were definitely inseparable. :)

I have many memorable times but a few that stand out include the many rounds of golf we played together at your Country Club and the multiple rounds we played during your annual trip to Canada for my birthday in June. Those will never be forgotten.

Sampling all the different craft beers together on the back deck. I bet we could have written a tasting blog.....LOL.

I'll also never forget all the times I would lean on you for your technological wisdom when it came to buying all my electronics. You were like my own personal "Consumers Digest"....hahaha.

Stressing out on Saturday's watching Buckeye games was always fun. We definitely had our share of nail biters :)

Your care and love for your pets was amazing. Winston, Cory and Zoey had the best Dad ever!

I'll miss your calm and laid back demeanor. You were a very likeable and kind hearted person. I'll never forget you and the many memories we had together. I'll miss you very much!!! RIP.

Love you Steve!!

“ I miss u Dad. This was always my favorite place to be. With my head right on ur chest so I could hear your heart beat while I was wrapped up in those wonderfully safe and warm arms. I was always striving to make you proud Dad. I hope i achieved this goal at least once before you had to go. I'm so proud to be the woman i am today because of all the core values and wonderful character traits you instilled in me. I may not have understood your methods when I was a kid, but I get it now Dad. I will carry on being the kind, caring, smart and compassionate person you taught me to be. I will continue to work hard even when I'm exhausted. I will always be kind even when being kind is hard to do. And i will always bring the music into the world so we never forget the true rhythm of the universe. You can rest now Daddy. You did a great job and I will take it from here. I hope I can continue to put a smile on your face from way down here. Until I see you again....save a dance for me Daddy. I love you.
