“ *Sue was a rock to help those in need from a spiritual dilemma that could have been crushing to an individual, PTSD. I went through healing for years with the help of Sue and Katie, a truly tremendous team. There was not a day that I could not speak to her or pray, she was always up for that. Sitting in Doug and Sue's living room was always a place of peace, reminding me of corporate prayer that went on for years. She always had a way with words, more than calming to be a place where you could start. There are very few people in life that constantly lift you up that was her. God Bless You Sue, it was a pleasure from the bottom of my heart.*

“ Our most sincere condolences. Sue did amazing work here on earth. We will miss her dearly. She will be remembered here for her healing ministry and her wisdom. She and Doug were like the "parents" of our bible studies and were instrumental in encouraging spiritual growth. Sue's ministry in emotional healing and freeing so many from emotional baggage will never be forgotten! Few have the gift she possessed for leading people through their darkest issues and bringing them into the light! I have peace and confidence knowing that she is in a higher spiritual realm now than ever before! My prayers and thoughts are for her family to give them peace during this time of mourning.
