“ To the family of Sue Malloy...Sue was my valued colleague for five years as I became Chair of the Dept of Animal Sciences. Her calm and effective partnering with all of us in the Dept. was like a fresh breeze. I, however, benefited the most because of her deep knowledge of the history and personnel of the Dept. She was my ever present and dependent go-to person for help making decisions in guiding the Dept. She was my friend and I trusted her greatly. She will be missed. Dave Zartman

“ I don't remember if I wrote here before or not Anyway. Sue and I worked in the Agr College for many years Her in Animal Science and me in Deans office
Sue and I could vent to each other. She was a great worker great person
In recent years I have helped her a little by taking her to some doctor appointments. Earlier I took Dave to some. Always enjoyed seeing him
Sue was a huge help to me in understanding the OPERS/One Exchange mess. I was so thankful for the help
News of her passing was so unreal. Just doesn't seem possible although I knew she had several health problems.
I don't know what happened to cause her death but didn't expect it

If I can be of any help please call

“ David and Family,
We are so sorry for your loss. Sue was steadfast in adapting to so much change in the College and Department over the years; always helping us through HR related issues and keeping us employed. We were grateful for her service and dedication to the folks in Animal Sciences. She had a wry sense of humor that always kept things in perspective.
Heartfelt condolences,
Joe and Ann Ottobre

“ I'm so sorry for your loss! Sue was here with us in Animal Sciences when I was hired and she made my transition from a different college so easy. I appreciated staying in touch with her after she retired and my husband, David, really enjoyed being able to help out by doing odd jobs around the house and property for her. Sue will be missed very much! Our deepest sympathy, Ana and Dave Grum
