“ Sean and I just learned of your loss today from one of your church members. Tammy was a joyful wonderful light to have known. I will never forget our early married years sharing gatherings with TK and Tammy. I loved sharing my pregnant years with Tammy even though her slim athletic body next to mine made feel wider by the second. She loved her family and was always quick to put the important first. Sean and I will keep your family in our hearts and prayers. Love the Sean and Eileen Duffy.

Tammy and I worked together for five years at McCord before I moved to Chicago. She always knew how to make me laugh with her bright smile, funny jokes and comments, and her positive attitude. My thoughts and prayers have been with her family and friends during this difficult time. Rest in peace, Tammy.

“ TK, I am very saddened by this news. The times you both opened your home to the cross country team for pasta nights are still strong in my mind. There was great fellowship and a welcoming feeling we all gained from you and Tammy that helped create the bonds that many of remember to this day. I know this is a tough time for you and your family; know that you created a team all those years ago who are thinking of you and behind you even if we can't be there physically.

“ TK and family,
You have my heartfelt sympathy on the loss of Tammy. I worked with her at McCord and enjoyed getting to know her. I was happy to see her at Columbus Oncology to give each other a mental boost or as a reminder to pray for her. We lost my father-in-law the same day at Kobacker. TK, I also said that it was a beautiful day to go to an even more beautiful place. May they both be joyous to be relieved of pain and be reunited with their loved ones.
My sincere sympathy and prayers for your family,
Virginia Leiter

“ I have wonderful memories of Tammy. I taught with her at Worthington Park. We went to camp with 6th grade together. There was one time in particular, we were replaying the underground railroad with the kids. Mr. Craig (another teacher) came up in the dark and scared Tammy, she totally lost it and of course we all loved it. - We laughed about that for years after. She was always ready with a joke or comment that just made my day so many times. She was a welcome breath of fresh air! I'll miss you, Tammy. You made the world better by being here!

“ Wonderful woman, fabulous man...both leaders/mentors to all. Will never forget the generosity showed to everyone who crossed her path. She's now whole again, full of love and vigor. You two made the most excellent couple, instantly remember the farm house and the night the CC team 'strung' it all together internally. Blessings to you TK and all.
