“ *I have very fond memories of Theresa from my childhood. The wonderful smile and her car. She had a sports car and would take my sister and I driving around which we thought was awesome. Then we would turn her radio on full blast along with the windshield wipers so when she started the engine again they would come on full blast and she would yell at the two of us. We would run as fast as we could... I also remember going to her room when I would visit her parents and she always took time out to talk to her pesty younger cousin.... I believe that she is driving a sports car in heaven.....*

“ *Wally - My thoughts and prayers are with you. I'm sure you've had a difficult year, but I also know you have been the best brother anyone could hope for. My hope is that Theresa can now find peace. I have and will surely miss her. Thinking of you, Eileen*
