

## Tracey Pomeroy

May 3, 1960 - March 15, 2021

Tracey Ann Pomeroy (née Ebright), age 60, passed away peacefully at home on March 15, 2021 surrounded by loved ones. She will be profoundly missed and forever loved. Tracey is survived by her husband Matt, her daughters Sandy Nerny (Brian) and Kelly Heasley (Garth), her four beautiful grandchildren, Nathan, Abraham, Norman, and Elizabeth, her sisters Tammy Johnson (Mark) and Diana Miller (Jim) and many nieces, nephews, family, and friends. She was preceded in death by her parents Richard and Caroline Ebright. Although her favorite title was undoubtedly Grammy, Tracey had a long and rewarding professional career, first in accounting at Columbus Life Insurance, and then at Port Columbus International Airport where she later shifted her focus and went on to become Senior Manager of Parking and Ground Transportation, a role she held for over twenty years before retiring in 2020. She was an effective, focused, and sharp leader who was respected by her team. Tracey loved her family fiercely, and her loyal and steadfast care was treasured by all who were fortunate to receive it. She had keen insight, stunning generosity, and killer dance moves when the mood would strike. Despite her diminutive stature, she was a pillar of strength, protection, and provision to all those she invited into the "circle of trust". Her masterful hospitality, culinary artistry, green thumb, and flawless taste brought beauty and joy both to her and to those whose homes and stomachs she filled. We will gather together to celebrate Tracey's life in the near future. She loved to be surrounded by flowers, so send as many as you'd like; tulips were her

favorite.

“ To Matt and family,

*My sincerest condolences for this tremendous loss. I am grateful that she is at peace and pray that you will find the same in the coming days. Although in a different capacity, I worked with Tracey for many years at the airport and I had a great respect for her both personally and professionally. She was brave and strong and humble about her illness and very rarely did she complain about the struggle. My mother passed from stage 4 ovarian cancer that had spread and ultimately took her life in 2017. Your wife, mother and my friend was present at the funeral home to support me with her compassion and understanding of the difficulties that mom had experienced. It was an overwhelming show of love and gentleness that I will always remember. Tracey, you will be missed my dear.*

“ I worked under Tracey at CRAA in Parking and Ground Transportation from 2012 to 2017 and one thing I can say for certain is that she lit up every time she spoke of her grandchildren and children. Her family meant the world to her and especially those four grandbabies: There was such a joy and pride in how she told stories of their individual personalities, found humor in their daily routines and the absolute pleasure she had being Grammy. It was clear she cherished that role of Grammy beyond words. May she rest well and may your family find comfort in her life, memory and the great legacy she left behind.

“ As they say you can't pick your neighbors. Well I was very lucky to have Tracey and Matt as my next for neighbor for a number of years. It was a great experience and I enjoyed seeing them everyday. Matt actually helped me finish my new deck and I recall them adding a balcony off there master bedroom. Quite a feat lol

*My prayers and thoughts go out to Tracey and her wonderful family. She was a beautiful lady that will be missed . God bless her*

ME

“ For 17 years I worked directly under Tracey. She was a wonderful manager, and great leader. Tracey gave you every opportunity to excel, never taking the spotlight for the departments success, but always giving her staff the all credit. I owe a lot of my professional growth to her encouragement over the years. I have lost not only a mentor, but a friend. To Matt, Sandy and Kellie and family, my sincere condolences. Tracey was special and she was part of our family in Parking and Ground Transportation. She will never be forgotten, and will be greatly missed!

“ Tracey and I worked together at Columbus International Airport (John Glenn Int'l Airport) years ago. She loved her job and was respectful to others along with voicing her opinion when she knew she was right. Tracey was great in her job and followed the rules that were put before her. She was a good listener and co-worker to me. I shall cherish her memory from the times we had together.

“ Tracy was the best manager that I ever worked with. She was respectful and also asked for our input. We were all like a family and she made it a fun place to work. I am very sorry for your loss and I will miss her greatly.
