“ I want to express my deepest sympathy for the loss of your mother and grandmother. Val made such a positive impact on those around her at the Ashland family and she will be missed greatly. I so enjoyed seeing her every morning over a cup of coffee, and talking with her about her children and grandchildren's daily events. She spoke so lovingly about her children, and her grandchildren were the pride of her life. Please take comfort in knowing Val was such an inspiration to all who knew her and she lived her life with zest and passion. She will continue to be a role model for me, as we all must navigate through the trials of life.
