“ Vickie was one of my educators at the OhioHealth and taught me a lot about medical coding profession. We spoke a lot with her about Star Wars movies and I will never forget those wonderful surgery training sessions when she was getting for us some chocolate or muffins or apples. I didn't know her for a long time , only 1.5 years but she always will be in my heart.

“ Aunt Vicki was always the strong one! The back bone of the family! She still made me feel like I was 6 when she would yell at me.. I'm so grateful to her for everything she have ever taught me and my girls..

“ *These last few weeks have been some of the hardest of my life. Vicki was not only my aunt she was my protector, my educator, my confidant, my best friend, my everything. Growing up my sister and myself had a challenging childhood to say the least. If it wasn't for our two aunts Vicki and Mary I am not sure where we would be. They both gave up a lot in life to step up to the plate and take on the roll of helping raise two stubborn brats. My Aunt Mary was always the nurturer and the more sensitive one. My Aunt Vicki was always the stricter one and the disciplinarian and as a kid I thought she was the "mean one". She was always the one to fix any of my boo-boo's, she was the one I went to if I had a "serious" problem. The older I got the more I understood her and the closer we grew. She had the biggest heart of anyone I have ever meant and would do anything for anybody. I could talk to her about anything and not feel judged and she always knew what to say to either make me feel better or fix the problem. This world lost a truly magical woman and I lost my best friend and my protector. We are so similar it is scary. I am now the "mean one in my family" but am also the first one that will do anything for any of them. I know she is watching over all of us and now protecting us from a distance.*

“ *In the short time I knew Vicki it was very apparent to me how much she cared for others and enjoyed helping others. She will be greatly missed but she will live on through the many lives that she touched.*

“ *Vicki was one of the most special people I have ever met . We became friends over 10 years ago when I first started at Riverside . I was very nervous and scared and Vicki made me feel so welcome even though she was going through a tough time herself . I will never forget the little "road trips " that we went on around Rlverside . I recently had a wonderful conversation with Vicki and she seemed so at peace and so happy . I will miss her and remember her the rest of my life .*
