“ *The news of Bud's death was read with sadness but brought back many fun memories. Bud was my cousin and spent many summers at my parents farm outside of Lima, Ohio. Our grandparents lived right down the road from us and many family gatherings were held at their home. Uncle Walter and Aunt Ruth were always so good to me, having me spend time at their home overnight, playing with Buddy. I have lost track of him but saw Margie at my Mom's funeral. To his entire family, I send my love. Donna May*

“ *Thank you for putting Bud's obituary in The Review Times. I often thought about Bud after he left Fostoria. I enjoyed working with him as a school administrator for many years. I met Bud in 1977 during a staff orientation when he was named as the principal for Fostoria High School and I was a first year elementary school teacher. My deepest sympathy to Bud's entire family.*

“ I was a graduate of the Wapakoneta class of 75. I have a great deal of respect for Mr Marshall and would like to share a light story with the family. The 3rd day of my sophomore year, I was sent to the office for being somewhat disruptive in study hall after the bell rang. Mr Marshall was very lighthearted as he marched me to a side room with the asst principal as a witness. I was a solid 180 lb young man and was not too concerned of the consequences. Mr. Marshall had me assume the position.... he grabbed my belt and pulled me up on my tip toes....there was no air space between me and the Lee jeans. I realized then I was in trouble. I will never forget what he said after that and I have shared it with many others over the years.....and you should know 'the rest of the story'... "Well, I don't usually get warmed up till after 2 or 3 whacks do I Mr Z. (asst principal)? He then whacked me 1 time. I nearly buckled,he was holding me up and I remember thinking to myself, I don't think I can stand another one of these. Next, he asked me if I thought 1 whack was enough? "Yes sir"!!!, I responded. I recall trying to act normal as I walked back to study hall still wiping my eyes. I made it a point never to be in his office again. God bless you and your family as you mourn the loss of a great man.

“ Sorry to hear of Walter's passing. I attended Wapakoneta H.S. while he was principle. I also worked part-time at the school under his leadership. I liked Mr. Marshall . He had a way of proding you to do better . Some of the kids didn't like his so called brass personality, but most of them didn't know him like I did. I can still smell his Captain Black pipe tobacco. My thoughts and prayers are with the Family.

“ My deepest sympathy Barbara. Bud was a wonderful person and a principal that I had great respect for and touched my life. He is the one who suggested I take my Quest Students to the Ropes Course near Columbus. The first year I took students was 1979 and continued until the year before I retired - 2000. That trip changed many young people's life and I was always very thankful for the support Bud gave me for this program. I was also the cheerleading advisor during his time at Fostoria High School and he was also very supportive of my "crazy" ideas and on several occasions gave me a big hug after a successful pep rally. He sometimes wanted others to believe he was stearn and all business but he was a gentle giant in my book. He will also have a special place in my heart. There are not many people like Bud Marshall in Education. Rest in Peace my friend.
