“ I was sad to hear the news about Mr. Keiser. It was almost a rite of passage when you made it to Senior Government and Economics, you knew that the first part of your journey in life was coming to an end and a whole new one was about to begin.

My thoughts are filled with the good times in class, I hope that my fond thoughts will be comfort to his family during this difficult time.

“ *An outstanding educator and gentle man. His teachings and viewpoint have guided me since high school. I remember him saying "If you don't put your two cents worth in, how can you expect change?" His legacy is that he lives on in the hearts and minds of his former students. Prayers of comfort for the family of this wonderful man.*
