“ *I worked for Bill Doty as a mail carrier in 1985. This was during the time I was laid off from my job as an engineer for Conrail. I talked with him last year at the Veterans Day breakfast and missed seeing him this year. Will miss seeing him in the Dublin parades with his 43017 license plate.*

“ Kathy: I am so sorry to hear about your dad. I know that we talked about our parents the last time that we were together at Tommy's, saying how the mid-eighties seem to be the age when the decline in our parents' health really starts to show. Hopefully you and Rob are doing well. I suspect that as usual a lot of the planning and responsibility for the funeral will fall on your shoulders, so please take care of yourself. You do so much for all around you. I was out of the city this weekend and unable to attend the viewing today. Amanda and I are planning on attending the funeral tomorrow but we will likely be a little late, assuming that her flight gets in on time tomorrow. Amanda is in Chicago and will return around 10:30 tomorrow morning. We plan to come directly to the funeral home. If we miss the service, are family and friends getting together after the service anywhere? If not, we will see you on Thanksgiving day for a few minutes. Bethany told me that she talked with you and that you asked her to stop at her house when she is in town for Thanksgiving. With condolences, Terry
