“ I went to high school with Billy and, even though we lived many miles apart, we were able to meet up a few times over the years and correspond until we were in our 70's. I remember him as the Worthington Homecoming King, along with Stephanie Hill as his Queen (1970), and whenever Steph, Billie and I met up, we had a good laugh about that. He was as fine a man as anyone I have ever known. The love and pride he had for his family was unquestionable, and I am so deeply sorry for Debi's, his children's, and his extended family's loss. You were, and are, well-loved, Billy -- always in our hearts.

“ I have known Billy since grade school. He was one of the most respected people I have ever known. I have never heard anyone ever say anything but great things about him. He truly brought the light and the world is missing a beautiful soul.

“ I first met Billy Fields at Wilson Hills school the first year it opened in 1963. I was in 5th grade, Billy was in the 6th grade. We would talk, occasionally comparing family similarities. His siblings and my siblings knew each other and attended school together.

One day during lunch time recess another student saw Billy's sack lunch, and tried to kick it and stomp on it. I stopped him; this student and I ended up in a fight; then both of us found our selves in the principals office. I tell this little story because it was the beginning of helping, and covering each others' back. At that time, little did I know it was to continue almost another 50 years. Most of that time as Brothers in the Lord, and as Brother Fire Fighters. I cannot tell you how many times we had each others' back. (It was a lot) Another memory many Brother Fire Fighters may not know was that Billy had an excellent singing voice. His Mama told me so. When we were younger, on several occasions, I heard Billy singing Gospel. He was great.

Debi, you have read and heard how great Billy was with the Fire Service. This is one accolade you may not of known of, and it was due to his leader ship.

We had finished over haul on a decent-sized structure fire. Two Fire Fighters from another Fire Department told one of our officers that “ they like it when 101's is on the assignment, because the fire fighters know that every one on the scene will be able to go home.” This was due to Billy's leadership in augmenting Fire Fighter Survival training.

I will miss you Brother Billy

“ At the Sharon Township Division of Fire and the Worthington Division of Fire and EMS, Captain Billy Fields, in addition to being a shift Captain, was the administrator and operational leader of the Fire Department’s hazmat operations. I never had to be concerned about our fire hazmat operations because Billy had everything in control. He was one of the finest Officers I have worked with. He was well-respected, admired and dedicated to the Fire Department, the community, his personnel, and the Fire Service. The community and the Fire Department all benefited from having Billy as part of the Sharon Township Division of Fire and the Worthington Division of Fire and EMS.

“ Debi and Family,

It is with great sadness hearing about my good friend billie's passing. I have known him through the Fire Service since 1977. He and I were both on Ladder Trucks, L-101 & L-111. We responded to many fire calls together and were best of friends.

The Angels in Heaven are rejoicing at his presents. He will be sadly missed by ALL!

God bless you and the Fields Family.
