“ *Bill was a friend and client for nearly 50 years. I was familiar with his land development in Ohio and Arizona. We had many good times as well. Bill was a special man. Once you knew him you had special memories of him for the rest of your life. Most of our mutual friends loved him but have grown old and passed away. He Always had a positive attitude weather in business or personal life. He is the kind of person I wish I had spent more time with.*

“ *I would like to extend my condolences to the family. Bill taught a real estate class at Franklin University about 1972-1973. I attended that class and enjoyed his perspective. I had recently been on active duty with service in Vietnam. I didn't realize Bill had also served. He used the development around Spring Grove, Westerville to illustrate various aspects of the business in the class. God bless him and his family.*
